Sir:

Technology Center 2600

In reply to the March 24, 2004 Election of Species Requirement, Applicant  
provisionally elects the Species of Figure 3, with traverse. Applicant respectfully submits  
that claims 1 and 5-13 read on the species of Figure 3. As indicated in the Election of Species  
Requirement, claim 1 is generic.

It is also respectfully submitted that the subject matter of all species are sufficiently  
related that a thorough search for the subject matter of any one species would encompass a  
search for the subject matter of the remaining species. Thus, it is respectfully submitted that  
the search and examination of the entire application could be made without serious burden.  
See MPEP §803 in which it is stated that "if the search and examination of an entire  
application can be made without serious burden, the examiner must examine it on the merits,  
even though it includes claims to independent or distinct inventions" (emphasis added). It is

respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Thus, withdrawal of the Election of Species Requirement is respectfully requested.

Respectfully submitted,
